

TASHMI KAVINDYA

Game Development Intern

+94 77 867 6698 | tashmikavindya129@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Professional Summary

BICT (Hons) undergraduate specializing in Games and Animation with experience in gameplay programming and game development using Unity and Unreal Engine. Hands-on experience developing gameplay systems, UI, enemy AI, and interactive mechanics. Interested in contributing to game programming projects and exploring VR/XR development in a collaborative studio environment.

Education

University of Kelaniya **2023 – Present**
BICT (Hons) Specializing in Games and Animation
Year 3 | GPA: 3.61

Mahinda Rajapaksha College – Matara **2019 – 2022**
GCE A/L – Technology Stream (2021/2022) | Results: 1A, 1B, 1C

Key Skills

- **Game Development** – Unity, Unreal Engine 5, Gameplay Programming, Game Mechanics, UI Development, Game Systems Design
 - **Programming & Scripting** – C#, C++, Unreal Engine Blueprints
 - **3D Software** – Blender, Autodesk Maya (Learning), ZBrush
 - **3D Skills** - Basic 3D Modeling, Basic Animation
 - **Web Technologies & Tools** – HTML, CSS, Visual Studio, VS Code, Git, GitHub
 - **Soft Skills** – Teamwork, Problem Solving, Time Management, Adaptability
-

Projects

Final Bell | Unreal Engine 5 [itch.io](#) | [GitHub](#)

- Designed and developed a third-person survival horror game set in a college dormitory.
- Implemented inventory, health, combat, zombie AI, UI, and interactive gameplay systems using Unreal Engine Blueprints.
- Integrated assets, lighting, animation retargeting, and debugging practices to improve gameplay functionality and atmosphere.

Space Dodger | Unity 2D, C# [itch.io](#) | [GitHub](#)

- Created a 2D arcade game featuring spaceship movement, obstacle generation, and collision-based gameplay.
 - Implemented scoring, high-score saving, audio effects, particle effects, and a black-hole gravitational effect.
-

Experience

Graphic Designer – ITSA Club, University of Kelaniya | 2023 – 2024

- Designed flyers for university events using Canva and collaborated with team members.
